MEMORANDUM FOR THE RECORD

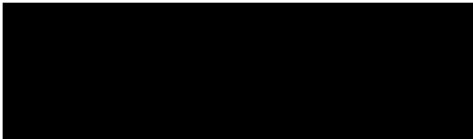

SUBJECT: Conference Report on Bill S. 1736 Amending
Public Buildings Act of 1959

A Congressional Record, dated 30 May 1972, contains the conference report on Senate bill S.1736 amending the Public Buildings Act of 1959.

A cursory examination of the report reveals that there was relatively little change in the bill and that, upon an enactment, this Agency and other Government agencies will be subject to user charges for space and services by GSA at rates to be approved by GSA and the Office of Management and Budget.

The Office of Legislative Counsel advises that an enactment usually comes within 10 days after a conference report is submitted. OLC will advise us when the bill becomes law.
